Marion has serve of Society well over the years and we could never say "Thank you" enough for her time and conscientiousness paid our library. She has been the stabilizing force behind our efforts to maintain an excellent collection. It is with deep regret we see Marion leave this position but we wish her well. Several people have volunteered to take on some of the duties Marion did. Nancy Groo will be coordinating the volunteers in the library. Carol Tynan will respond to any donations to the library. Carolyn Smith has expressed an interest in the Acquisition Committee to purchase new materials. ## Ackerman Cousins

While abstracting Revolutionary War pension applications of soldiers from Bergen Co; NJ, I came across the following information concerning our ACKERMAN cousins. All of the following ACKERMAN's are not mentioned as Revolutionary War soldiers in Barbara TOBEY'S, "The ACKERMAN Family"(AF), Vol.I, 1980, and vol. II, 1988.

**James L. ACKERMAN** (5.43,AF,vol.I,p.58) Testifies as a "fellow soldier" in the Revolution on 22 Oct 1832, age 68, of Bergen Co; NJ, in Bergen Co; NJ Common Pleas Court, in the Rev War pension application case of **John VAN HOUTEN** (W2027).

**Johannes(John)ACKERMAN** (4.3 I,AF,vol.I,p.26) In the Rev War pension application of **John H. POST** (W866) husband of **Elizabeth ACKERMAN** (5.27,AF,vol.I,p.5455),Post states in Bergen Co; NJ Common Pleas Court on 31 Oct 1832, "I was in the service with my brother-in-law, **John ACKERMAN**." This **John ACKERMAN** was married 1st to **Elizabeth POST**, "probably" the sister of **John H. POST**.

**Johannis(John) D. ACKERMAN** (5.223,AF,vol.I,p.95) Although he does not state he was a "fellow soldier" in the Revolution, **John D. ACKERMAN** (5.223) gives detailed testimony, that indicates he was indeed a Rev War soldier, in Bergen Co; NJ Common Pleas Court on 10 Jul 1854,age 90,of Hohokus, on behalf of the following Rev War pension applications of **George DEARMAN** (R2818), **Garret A. HOPPER**(R5219) and **John & HOPPER**(R5220).

**Galyn ACKERMAN**(5.261A,AF,vol.II,p.98) Testifies as a "fellow soldier" in the Revolution(as "**Goline ACKERMAN**"),of Bergen Co; NJ, in Bergen Co; NJ Common Pleas Court on 16 Mar 1829,in the Rev War pension application case of **Abraham PARKHURST** (S34465).**PARKHURST** gives **Goline ACKERMAN**'s age as 68 on 15 May 1828. Although the **ACKERMAN** Family genealogy states Galyn's birth year as ca. 1763,and **PARKHURST**'s testimony would indicate **Galyn** was born ca. 1760,they are probably one in the same. Because of the dates, he could not be **Glenn ACKERMAN** (4.46,AF,vol.I,p.30,1722- 1800 **ACKERMAN** (5.250,AF,vol.I,p. 100, 1760-1824,or **Guilian/Geleen ACKERMAN** (6.160,AF,vol.II,p.30).

### NJ Historical Society Library New Hours

A letter was received from Bill Ware, President of the New Jersey Historical Society Genealogy Club. It states:

"Our friends at the New Jersey Historical Society have asked me to send you some exciting news about the Society's library. In August a new library director, James Kaser was appointed. James was formerly public services/collection development librarian for Special Collections at The George Washington University in Washington, D.C. In addition to a master's in library science he holds a doctorate in American studies. Another new staff member joined the library in November. Irina Peris is the new principal library assistant. Irina was trained in archival processing in Moscow at the Institute for Historical and Archival Studies and has worked at the American Heritage Center at the University of Wyoming and the Brooklyn Historical Society.

The addition of these new staff members has made it possible for the library to expand its hours. The library reading room is now open Tuesday through Friday from 12 noon to 5 p.m. and every Saturday from 10 a.m. to 5 p.m.

The library is located in the New Jersey Historical Society's headquarters at 52 Park Place in Newark. Library staff may be reached at (973) 596-8500 ext. 249. The Society is located on Military Park, four blocks from Newark's Penn Station. Parking is available in lots around the Society. The most convenient one is the Military Park Garage. The maximum fee is \$8 per day."

### Orange County Genealogical Society Books Sale

Orders for the following books can be submitted to:  
Orange County Genealogical Society  
101 Main Street  
Goshen, NY 10924

"Footprints in the Ramapos" by Marjorie Smeltzer-Stevenot. This work is intended for the reader who would like to know more about life in the Ramapo Mountains before the evidence was stripped away this century by the Palisades Interstate Park. \$9.50

"Old Burying Grounds within Harriman and Bear Mountain State Parks" by Marjorie Smeltzer-Stevenot. Insight into the lives of these old pioneers and then provided exact locations for and readings from these many burial grounds within these state parks of Orange and Rockland Counties. \$9.50

"Cornwall (History of, In Orange County, New York)" by Lewis Beach. Originally printed in 1873, this fact-filled account of the historic township has been reprinted for the first time. An added every-name index by Dan Burrows now unlocks all those elusive ancestors and historical figures that have long been buried in the text. \$15.00

### NJ Historical Society Library Seeks Volunteers

The Library of the New Jersey Historical Society seeks persons interested in history to assist with projects. Some current projects include making protective enclosures for damaged books and pamphlets, assisting reference staff (particularly with genealogical inquiries), preservation photocopying, labeling collection materials, card catalog maintenance, and collections maintenance. Training will be provided and an attempt will be made to match volunteer interests with tasks. Volunteers may work any hours from 9:00 a.m. to 5:00 p.m., Tuesday through Saturday. The Society is conveniently located to public transportation and is only five blocks from Newark's Penn Station. Parking is available in nearby lots. The most convenient is the Military Park Garage; maximum parking fee is \$8 per day. If you wish to volunteer, contact Library Director James Kaser at (973) 596-8500, Ext 240.

### Genealogical Society of Bergen County Website & Internet Information

- ◆ Yes, we have a site. No, it hasn't been updated much since it was begun. Why not? We need a webmaster with the time and interest in maintaining a worthy site. Are you interested? Contact either Lucille Siebold at <las1087@aol.com> or Arnie Lang at <arnielang@worldnet.att.net>. A number of members have expressed an interest in a site but no volunteers to maintain it. The Board would like to hear your comments concerning the development of a site.
- ◆ NARA on the Internet-Update ... A World Wide Web address was included in the November issue of the Archivist for National Archives and Records Administration's (NARA) Electronic-access Project. This "NARA Archival Information Locator" (NAIL) project will eventually enable anyone on the Internet to view many of its documents. The new address for this site is: <<http://www.nara.gov:80/naranail/nail-gen.html>> Take a look.
- ◆ Arnie's Home Page ... Arnold Lang (one of our very active members) has recently started his home page on the Web. In addition to his family genealogy, a "Guide to Immigration and Ship's Passenger Lists" is present on the site. Based on his presentation of this material at a meeting of the Society last year, this guide is aimed at those who are new to researching passenger lists. However, it contains many references and applicable links to other Web sites that may be of interest to all. Those who have access to the Internet can visit it at: <<http://home.att.net/~arnielang>>

## Editor's Notes

Firstly, I would like to thank Arnie Lang, Philip O'Leary, Donna Ristestatt, Marion Armstrong, Frank Poole, Ted Obal, Carol Tynan and many others for their continued contribution to the Archivist. Without the efforts of our members, we cannot provide you with the information you want to see in the newsletter. I have heard through the rumor mill that some members have not been happy with the content this past year. I will take full responsibility for the limited information in the past issues. As you all know, Pat Wardell, the Archivist editor for over ten years produced an exceptional publication. It was a great loss when Pat decided to step down from this position. Her shoes are tough ones to fill. We thank Pat for all of the years she gave her all to our Society ... "Thank you" seems so inadequate. With the help of you, our members, more articles like those that Pat included in her publication will be back. As editor, I need to hear from you directly on what you expect to see in YOUR newsletter. In the next issue of the Archivist, Pat has agreed to allow us to start publishing a series of the Bergen County Deed abstracts. What do you want to see? What don't you like? Communication is the key to success. Please contact me at

PO Box 561, Glen Rock, NJ 07452

or e-mail at <las1087@aol.com>

## GSBC News

For those of you who did not make the January meeting, I would like to announce that a formal proposal has been submitted to the Ridgewood Public Library Board. Although we have spent many wonderful years at the Midland Park Library, our Society is outgrowing the facilities. Our Society has proposed a partnership with RPLB. This would mean that our collection would be moved to the RPL for inclusion into their Local History and Genealogical section of the new library. We would retain ownership and assist in the decisions for new acquisitions to the collection. Our collection would be secure, yet open to the public for research. More of our members would have access to the collection during their time schedule. Volunteers would be needed to assist the RPL reference librarians and patrons who would be using the collection. The RPL also has an auditorium, meeting area for our meetings and programs to be held. This would allow for longer programs, seminars and larger attendance for our growing Society. The Board hopes that a decision will be made during the next two months. We will keep you informed of the progress.

## From the Mail Bag ... No new Queries???

That's right. No queries were given to the Editor for publication this issue. If anyone has answered past Queries, no one forwarded them to the Editor for publication. Just a reminder:

### A Guideline for Queries:

- 1) Be brief and concise but give as much clearly written information as possible to help identify an individual (dates, places, relatives, etc.). The more information you give, the more likely someone will be able to connect with your ancestor.
- 2) To avoid confusion, limit queries to one or two requests about the same individual or family. If you need information about more than one individual or family, write separate queries.
- 3) Use common, clear abbreviations. If you're not sure of an abbreviation, use the complete word or term to avoid misunderstanding.
- 4) If you answer one of the queries published, please send a copy to the Editor. Someone else may want to know the answer. Thanks.

## Bergen County's Townships and Municipalities - Part 1

Compiled by Arnold Lang

Today, Bergen County is comprised of 70 municipalities - of these, there are 56 boroughs, 3 cities, 2 villages, and 9 townships. However, about 100 years ago, most of these did not exist. Previous to 1885, Bergen County was divided into sprawling townships, such as: Hackensack, New Barbadoes, Franklin, Harrington, Saddle River, Lodi, Washington, Hohokus, Union, Midland, Ridgefield, Palisades, Englewood, Ridgewood, and Orvil. This may present problems for those researching old vital records and deeds.

This article is the first in a series that will describe the history of Bergen County from the original two townships to the establishment of the existing 70 municipalities. A goal is to show the boundaries of the older townships in relation to the boundary lines of the existing municipalities. This may be especially helpful in understanding the deeds abstracted by Pat Wardell which begin in this issue of *The Archivist*.

### Bergen's Beginning - 1682 to 1709

#### Townships of Bergen and Hackensack Formed in 1693

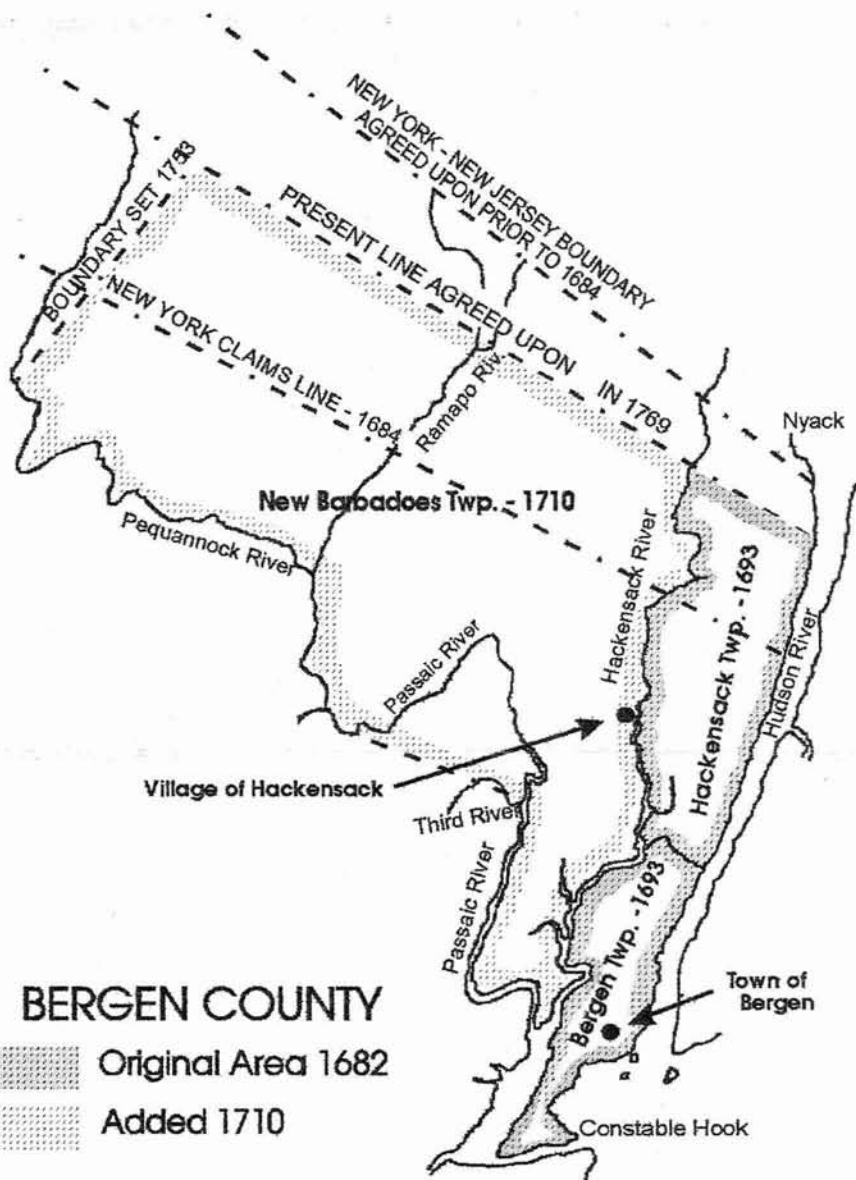

The East Jersey Legislature created the states first counties in 1675 mainly to provide "judicial districts" for the courts. A court was set up in the town of Bergen and two courts were held each year. Names were not given to the counties until seven years later when the counties of Bergen, Essex, Middlesex, and Monmouth were named by the Legislature.

So Bergen County came into being in 1682. The County then included all of the land between the Hackensack River and the Hudson River, extending from Constable Hook on the south to the province line (boundary with New York) on the north.

In 1693, an act defining boundaries of townships was passed by the General Assembly. Bergen County was then divided into two townships; Bergen and Hackensack.

The Township of Bergen consisted of the area from Constable Hook to the present northern boundary of Hudson County.

The remainder was defined as; "The Township of Hacksack (sic) shall include all that land between the Hackinsack and Hudson's Rivers that extends from the Corporation town of bounds of Bergen to the Partition line of the Province." (Note that this "partition line" was in dispute with New York for many years as shown by the map.)

### BERGEN COUNTY

- Original Area 1682
- Added 1710

## New Barbadoes Township is added in 1710

The county was greatly increased in size in 1710 when the Township of New Barbadoes was broken off from Essex County and added to Bergen County. This extended the county west beyond the Passaic river and added the whole territory between the Hackensack and Passaic Rivers from Newark Bay northward to the boundary with New York State and also west to the boundary line of Sussex County. (This included the city of Passaic).

The settlements of Acquackanonk and New Barbadoes had been originally designated as a township by the Township Act of 1893 and was then included in Essex County. This township was defined as "...all of the land on the Pissiac River above the third River and from the mouth of the said river northward to the line of the province, including all the land in New Barbadoes Neck between the Hackensack and Pissiac Rivers, and thence to the partition of the province."

The map shows Bergen County in 1710 after New Barbadoes was added. At that time the community of Hackensack, located in New Barbadoes Township, was made the county seat "...because it was a thriving village more centrally located than the other ....." The courts were then moved there from Bergen Town.

Bergen County remained in this configuration for six years. Then in 1716, Saddle River Township was broken out of New Barbadoes Township. That was the beginning of many changes to be described in the next issue of *The Archivist*.

## SURFING THE GENEALOGICAL 'NET'

This column was started in the *Archivist* a few years back to address those genealogical resources that are available on the Internet. Now many more members have computers with access to the Internet, and it has been requested that we include "how to" discussions and other information regarding the use of the Internet for genealogical research. We would like your comments regarding what you would like to see in this column and welcome any suggestions, genealogical Web pages that you have found to be of use, etc. You can either mail these comments and suggestions to the editor or e-mail them to [arnielang@worldnet.att.net](mailto:arnielang@worldnet.att.net).

Following is an outline of what is planned to be included in future issues of *The Archivist*

### I. - NET NEWS

To include information about new and interesting genealogy-related developments on the Internet.

### II. - WEB SITES OF INTEREST

To include the URL's of web sites relating to genealogy (as submitted by you).

### III. - TUTORIAL OF THE DAY

To include "how-to" tutorials on using the Internet for genealogical research. The initial installments will be basic in nature. Later, more advanced concepts may be included. We would like to hear your comments about the following proposed outline of subjects.

1. What is Available on the Web
2. Search Engines - How to use for genealogical research
3. Mailing Lists & Newsgroups - How to find and use
4. Surname Registers - what they are and how to use
5. On-Line NewsLetters & Searchable Databases

### NET NEWS

**Computer -Interest Group** - As you are aware, a "GSBC Computer-Interest" group had been set up by Dick Hahn to address areas of concern in using the computer and genealogy software. Questions are asked and information is disseminated via e-mail to the group.

Many GSBC members have joined this group. You can join by sending an e-mail to Dick at:

[Rhahnuge@aol.com](mailto:Rhahnuge@aol.com).

**GSBC HomePage** - The Homepage of our society will be updated and moved to a new location in the coming months. Claire Barth will be webmaster. Look for an announcement in the next issue of the *Archivist* and/or at our present page at:

<http://www.geocities.com/Heartland/Ridge/9759>.

### LDS Databases Are Now Available Online - The

Church of Jesus Christ of Latter-day Saints has begun a test of their new database site on the Internet. This database is open to anyone and can be found at <http://www.familysearch.org>. Note that this site is still in a development phase and may be unavailable at times or may experience periods of slow response. The full service will be launched this spring or summer. At that time, a detailed explanation will be made of the site and its various elements. Presently, you can do a surname search of the IGI, Ancestral File, and other databases. You can also do somewhat more sophisticated searches, such as by Keyword or by a Custom Search of the databases. A limited Family History Library Catalog and other information is also available.

**FamilyHistory.com** - Ancestry has announced a free Web site at <http://www.familyhistory.com> which offers more than 50,000 surname listings and hundreds of topical message boards and includes information on more than 10 million individual ancestors.

## Editor's Notes

I would like to thank Arnie Lang, Pat Wardell, Donna Ristestatt, Marion Armstrong, Frank Poole, Regina Aber and many others for their continued contribution to *The Archivist*. Without the efforts of our members, we cannot provide you with the information you want to see in the newsletter. If you have any comments or additions to the Archivist, please contact me at

PO Box 561, Glen Rock, NJ 07452  
or e-mail at <las1087@aol.com>

Just a word about our April meeting. Betty Epstein, from the New Jersey State Archives gave a very interesting slide presentation. Our members seemed to be very interested in the progress of the Archive's move and growth. As per the request of several of you here is Bette's direct telephone number at the Archives: (609) 292-6265.

The Freedom of Information Act was mentioned. If you are "connected" to the internet the following sites are a great wealth of information: [www.accessreports.com/](http://www.accessreports.com/) and [www.usdoj.gov/](http://www.usdoj.gov/). General sources of information about how to make a FOIA request are included in "Your Right to Federal Records", available for fifty cents per copy from the Consumer Information Center, Department 319E, Pueblo, CO 81009, "A Citizen's Guide on Using the Freedom of Information Act and the Privacy Act of 1974 to Request Government Records.: This report is published by the Committee on Government Reform and Oversight of the House of Representatives. It is available for sale for \$5 from the U.S. Government Printing Office, stock number 052-071-01230-3. Both of these can be accessed on the World Wide Web. Please note that there is no central office in the government which processes FOIA requests. Each agency responds to requests for its own records. I hope that this information is helpful in your quest for information. Let us know what experience you have and what results you receive.

The next several months should be very interesting and exciting for our Society. As you know, plans are moving forward to signing a partnership with the Ridgewood Public Library. The relocation of our collection and settling in at RPL will provide many opportunities for you, our members, to volunteer you precious time to help. I will keep you informed of projects that will be ongoing. I have received several e-mails of those of you who would like to volunteer and many of you signed up at the last few meetings. The projects have not been defined yet, so you have not been contacted for help... but you will not be forgotten. Thank you for volunteering.

I am a descendant of David Demarest who built a house on the Hackensack River in the 1660's. My mother remembers visiting the house as a child in the 1940's. Do you know if the house still exists and where it is located? Do you know if the Demarest Family Association still exists? They published a book in 1964 listing the descendants of David Demarest and Marie Sohler. Many of the early ancestors are buried in the South Schraalenburgh churchyard. Does this cemetery still exist? I would like to visit the area when we are in the East this Summer and would appreciate any assistance you can give me.

## Bergen County's Townships and Municipalities - Part 2

Compiled by Arnold Lang

In the last issue of *The Archivist*, the birth of Bergen County in 1682, the formation of the original townships of Bergen and Hackensack in 1683, and the addition of New Barbadoes Township in 1710 were described. At that time Bergen encompassed all of the area that is presently Bergen County and Hudson County, and most of the area of Passaic County. This article continues from 1710, and describes the breakup of those three townships during the period from 1710 through 1836.

### 1710 through 1797

#### Townships of Saddle River and Franklin Set off from New Barbadoes

As mentioned in Part I of this article, the Township of New Barbadoes was set off from Essex County and added to Bergen County in 1710. This was the result of a 1709 Act passed by the New Jersey Legislature entitled "An Act for the dividing and ascertaining the boundaries of all of the counties in the Province". This described the overall boundary of Bergen County at that time:

"...that the eastern division of the county of Bergen shall begin at Constable Hook and so run up along the Bay and Hudson's River to the partition point between New Jersey and the Province of New York, and so run along the partition line between the provinces to the eastern and western division of the Province, and run along this division line south to the Pequaneck River, and so run down the Pequaneck and Passaic Rivers to the Sound, and so follow the Sound and Constable Hook to where it began."

Six years later, in 1716, a large portion of the Township of New Barbadoes was set-off to form Saddle River Township. This new township encompassed all of the area of Bergen County lying west of the Saddle River. As a result, New Barbadoes Township was greatly reduced in size to only include the area between the Hackensack River and the Saddle River. This original area of Saddle River Township is shown as the shaded area on the adjacent map.

The township boundaries then remained unchanged for 56 years. Then in 1772, by royal charter, the northern half of Saddle River Township was set off to form the Township of Franklin. Thus, Saddle River Township was effectively cut in half as shown.

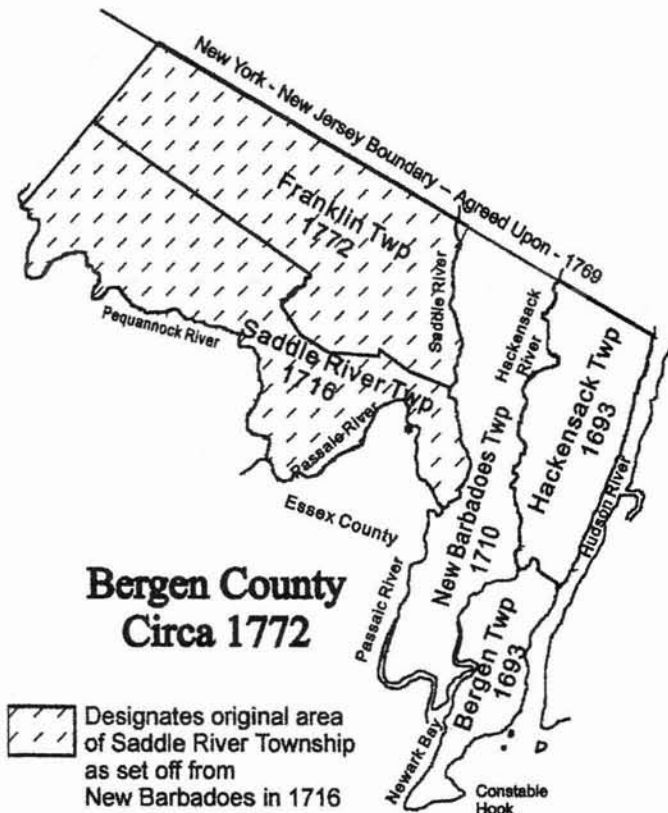

### 1773 to 1836

#### More Townships form in Bergen County

As people populated the more remote areas of Bergen County they became unhappy with the long distance to travel to the "town meetings". Also, at that time, each township had a representative in the County government. Thus, by forming their own township, they could have a more significant representation. These may have been the major issues to start the further breakup of the townships into smaller parcels.

Harrington was the next township to be set off. It was formed by royal charter from parts of Hackensack and New Barbadoes townships in 1775.

This was the last change until after the Revolutionary War. Many changes then occurred in the next few decades. First, Pompton Township was established in 1797 from parts of Franklin and Saddle River Townships. Then Lodi Township was formed from the southern section of New Barbadoes (1826). West Milford Township was next, being formed from the western sections of Franklin and Saddle River townships in 1834.

This map shows the resulting makeup of Bergen County in 1836. The next year (1837), the entire western section of Bergen County was set off (and combined with the Township of Acquackanonk) to form Passaic County. Then, in 1840, Hudson County was set off from the southern part of Bergen County. These events will be discussed in the next *Archivist*.

**Correction:**

The map included in the last issue of *The Archivist* was incorrect. The area that presently encompasses the cities of Passaic, Patterson and Clifton was shaded on that map, indicating that it was part of Bergen County in 1710. That area was part of the original Township of Acquackanonk and New Barbadoes, but it was never part of Bergen County. When New Barbadoes Township was added to Bergen County in 1710, that area became the Township of Acquackanonk and remained as part of Essex County.

**Surname Search of LDS IGI** - The surname search page of the Church of Jesus Christ of Latter-Day Saints (LDS) is now fully operational. This site is free to everyone. Anyone can do a surname search of the IGI, Ancestral File, and other databases. This database can be found at <http://www.familysearch.org>

You can also search the **Family History Library Catalog (FHLC)** to find information about an LDS holding or to find microfilm numbers. From the "Family Search" page, click on the "Custom Search" tab, and then click on the link to the FHLC. Locating an LDS film number is fairly easy if you do a "film number" or "author" search. But a "place search" can become very tedious. You must have the exact name of the place, you must start with a larger area, such as a state or country, before you search for a city, and then you can finally search for a subject (such as Emigration and Immigration). The problem is that each of these steps can take many minutes while waiting for the data to download. A simple search can consume 15 minutes or more!

**Personal Ancestral File (PAF) Software Free** - PAF 4.0 is a new Windows based version of the program developed by the LDS. This new genealogical management software is available free of charge by downloading via the Internet at: <http://www.familysearch.org> On this page, click on "Order Family History Resources" link to go to the PAF 4.0 page.

Your computer must have Windows 95, 98 or NT in order to use PAF 4.0. This new software retains and enhances the features of the previous DOS version and it also includes new multimedia features, such as adding photos, sound clips, video, and notes to

add interest and value to your genealogical historical records. PAF 4.0 will also be available on CD-ROM for a nominal price in early 2000.

**GENEALOGICAL RESEARCH**

There is a tremendous amount of genealogical information and help on the Internet in addition to surname searches. Next month, September, will be our first meeting at the Ridgewood Public Library however, our collection may not be available for use at that time. An agreement with the Ridgewood Public Library has been signed. Our heartfelt-THANKS to the Library Search Committee, Arnie Lang for his eloquence, and Peggy Norris for her undying support of this effort. Plans are being made for the moving of our collection to its new home. The relocation of our collection and settling in at RPL will provide many opportunities for you, our members, to volunteer your precious time to help. I will keep you informed of projects that will be ongoing. I have received several e-mails of those of you who would like to volunteer and many of you signed up at the last few meetings. Not all of the projects have been defined yet, so you may not have been contacted for help... but you will not be forgotten. Thank you for volunteering. After our collection is on the shelves, we will need volunteers to help the patrons learn how to work on their family history and use our collection. Even if you can only spend an hour at the library, you may be able to help others with their research. Helping others is the best way to learn yourself. We look forward to a long and happy partnership with the Ridgewood Public Library and their great librarians. Together we can make a difference.

## Queries

**Q26.4.1** Carol **BARBER**, 150 Victory Drive, Franklin, NH 03235. E-Mail cbarber@empire.net. Seeking info on John **LAFERTY**, b.1 Jan 1755. Married Phoebe **BAR-TOO (OR BARTON)** in Apr 1790. John was a veteran of the Revolutionary War, serving in the 4th Regiment commanded by Colonel Thomas **POLK** of Captain **SMITH**'s Company, North Carolina line. He is on the Revolutionary Census of NJ (1774) in Greenwich, Gloucester county, NJ. John and Phoebe had 10 children. Their elder children were born in New Jersey. If photo copies of any documents or records are available, please contact me.

**Q26.4.2** Linda **SHEDD**, 72 Cooper Rd, Pine Bush, NY 12556, Tel (914) 744-8012. My direct ancestor, Capt. William **SANFORD**, settled New Barbados Neck, July 4, 1668. He and other family members are written up in many history books. Need help with the following:

- 1) Are there any known portraits or silhouettes of Capt. William **SANFORD** or his family.
- 2) His wife was Sarah **WHARTMAN**. They had five children together: Katherine, Peregrine, William, Frace and Elizabeth. His daughter, Nademia (1st child) was from first marriage ... who was the first wife?
- 3) He is supposed to be buried on his own plantation in Bergen County. Does anyone know exactly where the house stood or if sketches exist?
- 4) I have a copy of the original Grant depicting William **SANFORD** tract of land. Do other reproduction grants exist or sold to public?

Please submit all queries to Genealogical Society of Bergen County, *The Archivist*, PO Box 432, Midland Park, NJ 07432. Attn: Queries. Your help in making your queries concise and to the point will be most appreciated.

## Response to Queries

This is in response to Query Q26.3.1a regarding David **DEMAREST** from Arnie Lang.

1) The "**DEMAREST**" house that you are probably referring to still exists, but it has been moved from its original location in New Milford. It originally stood near the Huguenot Cemetery as discussed below. It was saved from destruction by the **DEMAREST** Family Association and in 1955, it was moved nearby to the New Bridge Landing Historical Park (in River Edge). It is now open as a museum as shown below.

2) There are questions if this was the original house that was built by David **DEMAREST** in 1678, or by his son Samuel at a later date. There is another house still standing at 618 River Road in New Milford that was either built by David Sr. or by David Jr. about 1677 to 1680. The oldest section of this house is about 12 feet square, and it still stands. But larger additions have been made to the house since that time. This house is still used as a private residence. These houses are some of the oldest building in the state.

3) A Huguenot church built by the **DEMARESTS** was also on the original site in New Milford. That church was demolished in the late 1600's and the bricks were used in the construction of the First Reformed Church in Hackensack. The cemetery associated with this church still exists. It is enclosed by a chain link fence and is located behind the New Milford Borough Hall on River Road.

## Bergen County's Townships and Municipalities - Part 3

Compiled by Arnold Lang

As discussed in the last issue of *The Archivist*, in 1836, Bergen County encompassed all of the area that presently includes Bergen and Hudson counties, and most of the area of Passaic County. Then, in 1837, the entire western section of Bergen County was set off to form part of Passaic County. Three years later, Hudson County was set off from the southern part of the county. These events reduced Bergen County to a fraction of its former size, and it was left with less than 50% of its previous population. The history continues with these and other events leading up to 1893, the year before 26 boroughs were formed in Bergen County.

### Passaic County Formed - February 7, 1837

When New Barbadoes Township was added to Bergen County in 1710, it had been separated from the Township of Acquackanonk and New Barbadoes. At that time, Acquackanonk Township (which includes the present cities of Passaic, Paterson and Clifton) had remained as part of Essex County.

By 1831, the population of the Paterson area of Acquackanonk had grown considerably, and this area was then set off to become Paterson Township. This became Paterson City in 1851.

From the early 1820's, the people of

Acquackanonk had been actively lobbying to separate from Essex County. They had become increasingly unhappy being part of Essex County since Newark received preference. Finally, in 1837, the New Jersey State Legislature approved the formation of Passaic County. As shown by the following map, this new county consisted of:

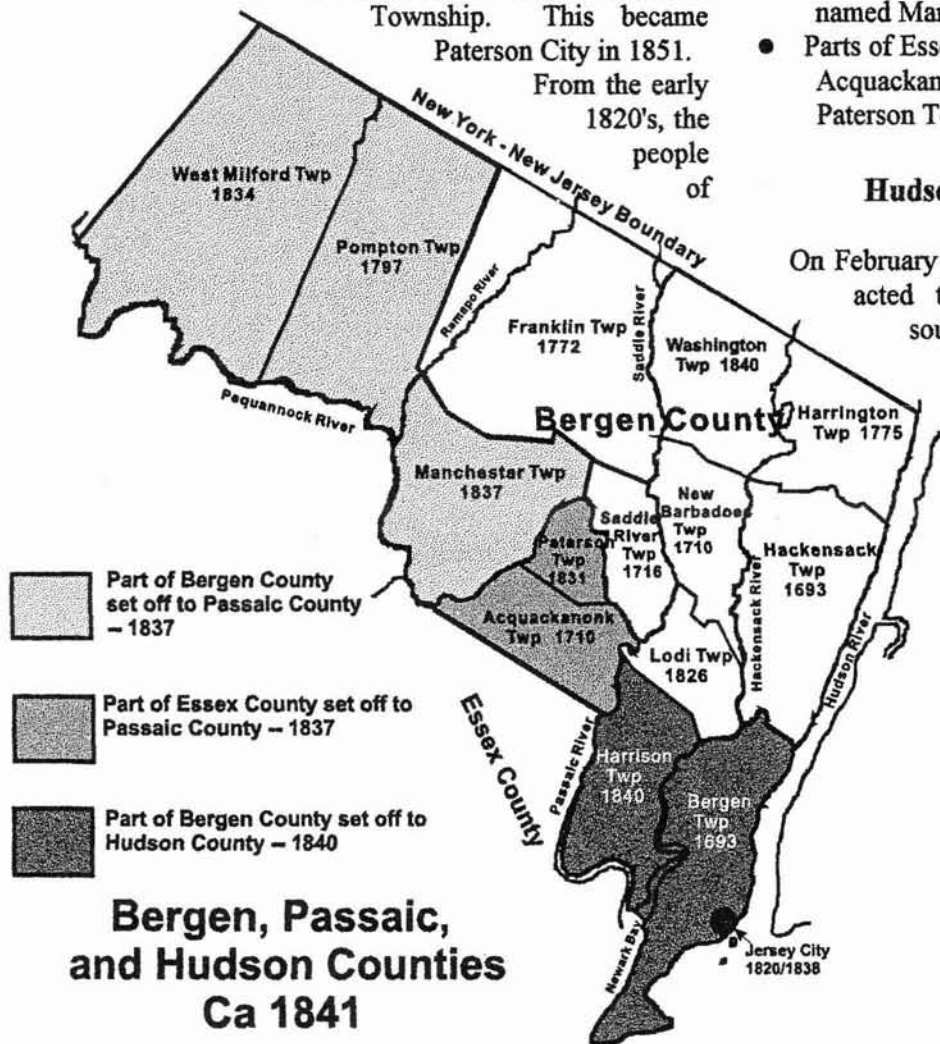

- Parts of Bergen County including
  - West Milford Township
  - Pompton Township
  - Part of Saddle River Township (which was then named Manchester Township in Passaic Co.)
- Parts of Essex County including
  - Acquackanonk Township
  - Paterson Township

### Hudson County Formed - 1840

On February 22, 1840, the New Jersey Legislature acted to form Hudson County from the southern section of Bergen County. This new county was comprised of:

- Bergen Township
- Part of Lodi Township
- The city of Jersey City. In 1820, while still part of Bergen County, Jersey City was formed within Bergen Township. Later in 1838, Jersey City was reincorporated and made a city separate from Bergen Township.

The part of Lodi Township that was set off to Hudson County was named Harrison Township. The new boundary between Lodi Township (Bergen County) and Harrison Township (Hudson County) followed the New Barbadoes Turnpike, now called Patterson Plank Road.

and Hudson Counties

## Bergen County - 1840 to 1893

The remaining townships within Bergen County continued to be divided to form other townships. The significant changes, as shown by the map below, were:

- **Washington Twp** - 1840. All of the area of Harrington Township located between the Hackensack River and Saddle River was set off to form Washington Township.
- **Hohokus Twp** - 1849. The Township of Hohokus was set off from the northern part of Franklin Township and extended from Saddle River on the east to the western boundary of Bergen County.
- **Union Twp** - 1852. Some of the area that had been transferred to Hudson County 12 years previously was added back to Bergen County after people in the northern part of Harrison Township (which was in Hudson County) petitioned to be returned to Bergen

County. Union Township was thus set off from Harrison Township to be part of Bergen County.

- **Midland Twp** - 1871. Midland Township was set off from New Barbadoes Township.
  - **Englewood Twp** - 1871
  - **Palisades Twp** - 1871
  - **Ridgefield Twp** - 1871
- The original Township of Hackensack, which occupied the area between the Hudson and the Hackensack Rivers was divided to form these three townships.
- **Ridgewood Twp** - 1876. The Township of Ridgewood was formed from Franklin Township.
  - **Orvil Twp** - 1886. Orvil Township was set off from parts of both Washington and Hohokus townships. This area is designated by the dashed lines on the map.
  - **Boiling Springs Twp** - 1889. Boiling Springs Township was set off from Union Township. This later became East Rutherford and is shown by the dashed line on the map..
  - **Bergen Twp** - 1893. Bergen Township (in Bergen County) was set off from the lower section of Lodi Township as shown by the dashed line on the map.

Other changes that occurred during this period included:

- **Carlstadt Village** was formed within Lodi Township in 1860. (In 1894, an additional section was added and it was changed to Carlstadt Borough.)
- The **Hackensack Commission** was formed within the Township of New Barbadoes in 1868. (New Barbadoes Twp. remained until it was replaced by Hackensack City in 1921)
- In 1878, the New Jersey Legislature provided for the formation of a borough within a township not exceeding four square miles. Three years later, Rutherford became the first borough to be formed under that Act. **Rutherford Borough** was fully separated from the township form of government in 1890.
- **Ridgefield Borough** was next, being set off from Ridgefield Township in 1892, **Ridgefield Park Village** was formed within Ridgefield Township in 1892.

## "Dollars for Documents"

Recently our liaison to the Federation of Genealogical Societies, Frank Poole, attended the national convention in St. Louis. As a member Society, the FGS has requested us to ask our membership to donate \$1 each to the Stern NARA Gift Fund. Some of you may not know what this fund is. Let me excerpt and quote from the FGS website ([www.fgs.org/~fgs/naragift.htm](http://www.fgs.org/~fgs/naragift.htm)). "Rabbi Malcolm Stern was the founder of the Genealogical Coordinating Committee and creator of the Gift Fund. This fund was established to collect money from microfilming National Archives records. This fund drive is known as "Dollars for Documents". The GCC was disbanded in 1995 however the fund continues and is nationally supported to finance the creation of finding aids and the microfilming of valuable research materials now preserved in the National Archives and Records Administration in Washington, D.C. These microform copies, produced without government funding, are then distributed to the 13 National Archives Regional Archives for use by researchers as well as copies available through the LDS Family History Centers. Some of the records filmed are: Galveston Passenger Arrival Records, 1896-1948; T1224 1920 Census Enumeration Districts; M1747 Index to War of 1812 Prisoner of War Records just to name a few. The FGS administers the Malcolm Stern NARA Gift Fund. Their Filming Committee will continue to take suggestions for items to be microfilmed. Ideas are solicited from anyone interested in genealogy. The aim is to find material at the National Archives, or its Branches, of major interest to genealogists." The FGS and the GSBC ask for your support. Our Society will be collecting your dollars at the next several meetings. Please help. If you would rather send your contribution in, make checks payable to: Malcolm H. Stern NARA Gift Fund and mail to FGS Business Office, PO Box 200940, Austin, TX 78720-0940. Thank you for your support. As a member Society, you may also subscribe to the FGS magazine "Forum" as a discounted rate. Please see Frank for information.

## Editor's Corner

I would like to thank all of our members and guests who attended our first meeting at the Ridgewood Public Library. The attendance was over 100 people. Peggy Norris welcomed us to our new home. A special "Thank you" is extended to the Nancy Greene, Library Director and the RPL Board of Directors for their foresight in the importance of the Local History and Genealogical Reference collections. We are proud of our partnership with the Board and Staff of the RPL. We look forward to a long and mutually beneficial partnership with the RPL.

Much of our collection is on the shelves upstairs in the Local History and Genealogical Reference Area. Without the many hours put in by Peggy Norris, the RPL staff and our Society's volunteers, headed by Nancy Groo, our collection might not have been available until next year. Nancy is now the expert on our collection, laminating and many other talents she never knew she had. Thanks Peggy, staff, Nancy and your volunteers for your hands on work.

Members are needed to assist patrons of the library on the use of our collection. An orientation will be held for volunteers interested in helping others interested in genealogy. If you are interested, please contact Nancy Groo at (201) 447-0368.

Hopefully, *The Archivist*, is back on track providing the membership with the information it wants. If you have any comments, answers to queries or articles, please send them to: Lucille Siebold, PO Box 561, Glen Rock, NJ 07452 or e-mail at [las1087@aol.com](mailto:las1087@aol.com). Thank you for your support.

Thanks to Peggy O'Hagan, Refreshment Committee chairperson and as long as you help support the effort, refreshments will be provided at the meetings. Anyone interested in bringing something to the meeting please contact Peggy at (201) 488-0294. Any donations, monetary or eatable will be greatly appreciated.

This is the last issue of *The Archivist* for 1999. It has been my pleasure to bring you the newsletter. The Society hopes to have an current website, continue publication of databases, abstracts, expand our membership, increase our presence, promote genealogy and the Ridgewood Public Library Local History and Genealogical Reference area. Until then, I would like to wish you all Season Greetings and a Happy New Year.
