Response to last issue.The Demarest House that was featured (and pictured) in Arnie Lang's response to Query Q26.3.1a, now rests in Historic New Bridge Landing Park (home of the Bergen County Historical Society) in River Edge having been moved there in 1955/6 from its original site in New Milford. The likely date of its construction is 1794, making it much newer than many people think (or wish). Also, in spite of its common name "The Demarest House", it apparently was built by John J. Paulison who married Altie Ely, daughter of Willaim Ely and Maria Demarest, on April 4, 1794. For more, visit the website of the Bergen Co. Historical Society at www.carroll.com/bchs and click on The Demarest House to read Kevin Wrights' fascinating history of the site. The house, itself, is a museum filled with Demarest family artifacts and is open to visitors. Call for schedules (201) 343-9492.

Thank You for a Job Well Done!!

Although we are still settling in I want to thank the many people who have made our move to the Ridgewood Library (RPL) a success. My first "thank you" goes to the Board and staff at RPL who were and continue to be so very helpful and have made us feel so welcome. A special "thank you" to Peggy Norris without whose guidance and patience our move would never have occurred. I must also thank the members of the Genealogical Society of Bergen County who gave so generously of their time - Patti and Joe Boyle, Beth DeHaven, Edna and Ken Franz, Jean Hildebrandt, Arnold Lang, Loretta Matthews, Peggy O'Hagen, Lucille Siebold, Carol Tynan and Mary Williams. I again have to give special thanks to Marion Armstrong and Joan Hagel. Both of these ladies know our library from top to bottom and without their constant help I would have been lost and probably half our collection with me. If I have omitted anyone I sincerely apologize.

The move from one library to another was a monumental task. For the over five hundred books that have been completely processed it took at least fourteen steps per book. Some steps easy, some tedious, some requiring training, but all time consuming.

By the time this goes to print our program of patron assistants will be underway, the first set of orientation sessions held and our volunteers in place to assist library patrons. A most sincere thank you to those of you who are participating and giving of your time and knowledge - Marion Armstrong, Ruth Bauer, Patti and Joe Boyle, Beth DeHaven, Carol Dewitte, Edna and Ken Franz, Joan Hagel, Jean Hildebrandt, Maria Hopper, Arnold Lang, Loretta Matthews, Peggy O'Hagen, Nancy Ronning, Lucille Siebold, Joe Suplicki, Carol Tynan and Lillian Wennerholm.

We are always in need of patron assistants, especially substitutes. I also need laminators! If you can help please call me at (201) 447-0368. The working conditions are great - heated in the winter, air conditioned in the summer, the staff is friendly and most helpful and the biggest plus is you won't have to listen to me beg any longer!!

A schedule of patron assistants is posted on the bulletin board outside the Local History Room for your convenience. Remember that most of our books have been assigned new call numbers and are located in three locations on the reference floor. Any of the reference librarians will gladly point you in the right direction.

Again, thanks to those of you who have given of your time and energy and thanks to the general membership for your patience during our move. I am sure we can all agree that it has been well worth the effort to have our collection of materials so available and combined with the wonderful collection of the RPL. Let's not have all this wasted, PLEASE VOLUNTEER!!!

Nancy Groo (447-0368)

Traditions & Recipes

During the holidays, I am sure we all dug out Grandma's recipe for some special cookie or dish to prepare. Customs abound during the holiday season whether it be Christmas, Easter, Halloween, New Year's, or harvest time. Each festival occasion brings out those traditions that we probably don't remember their origin. The Society would like to collect as many of these recipes and traditions as possible and publish a book. Won't you help? Please send to : Lucille Siebold, PO Box 561 Glen Rock, NJ 07452. Pictures (copies), stories, recipes, legends and superstitions are all welcome. Please include your name, address, telephone number and background on each item that you send. Also include a return envelop for items you want back. Anyone wishing to help compile and sort out the information, please contact me. I think this would be a fun and interesting project to work on together.

More Information Bergen County Towns

For a historical supplement to Arnold LANG's excellent series of articles "Bergen County's Townships and Municipalities" (see pages 5-7) members might want to take a look at the Bergen County Historical Society's website www.carroll.com/bchs and click on Historian Keven Wright's articles "Punkin Duster - Bergen County's Borough Fever". Information supplied by Bob Griffin, President Bergen County Historical Society.

Bergen County's Townships and Municipalities - Part 4

Compiled by Arnold Lang

Until the middle 1880's, Bergen County was divided into sprawling townships as described in the previous articles in this series. In 1885, the townships were Hackensack, dating from 1693; New Barbadoes, 1710; Franklin, 1772; Harrington, 1775; Saddle River, 1794; Lodi, 1825; Washington, 1840; Hohokus, 1849; Union, 1852; Midland, 1871; Ridgefield, Palisades, & Englewood, 1872; Ridgewood, 1876; and Orvil, 1885. Today, Bergen County is comprised of 70 municipalities - of these, there are 56 boroughs, 3 cities, 2 villages, and 9 townships. What brought this about was -----

"BOROUGHTIS"

Early in 1894, the New Jersey legislature passed a school act which wiped out the former subsidiary school districts and made each township a separate school district. Taxpayers were obliged to pay, pro rata, existing debts of the old districts in addition to all future debts of the township for school purposes. Exempted from this provision were "boroughs, towns, villages, and cities".

A rush was then made to form boroughs, and 26 boroughs were carved from those early townships between January 23 and December 18, 1894. The rush to form boroughs was slowed down (but not stopped) when the legislature quickly passed an amendment to the school act that stated that no borough could maintain a school separate from the township unless there were 400 children within its limits.

Before 1893, a number of laws had been passed by the New Jersey Legislature which enabled boroughs to be formed. The first was in 1878 when the Legislature provided for formation of a borough in a township or part of a township, not to exceed four square miles and a population of 5,000. As we saw in the last issue, only **Rutherford** and **Ridgefield** boroughs were formed as a result of that law. Subsequently, in 1891, an act was passed providing for formation of villages whose population was greater than 300 people per square mile and then **Ridgefield Park** village was formed.

Then, in 1893, an act was passed which brought about the sometimes bizarre borough boundaries that were eventually formed. That act provided that a borough could only have a chosen freeholder if the borough contained a portion of two or more

townships. As a result, most of the boroughs that were formed contained small parts of different townships within their boundaries.

The break up of the townships continued after 1894. In addition to the school issue, discontent increased as regions with factories saw their heavy tax assessments being used to support large townships. These split-ups of the townships continued until 1924, when the number of municipalities reached 70. (However, municipal name changes and a few boundary changes still occurred through 1955.)

You can refer to the map of Bergen County that was included in the previous issue of *The Archivist* to see the boundaries of the 70 present municipalities overlaid on the townships that existed in 1893.

The *Family Tree of Bergen County's 70 Municipalities* which appears on the following pages illustrates how and when these municipalities were carved out of the townships. (For purposes of simplicity, some minor divisions and set-offs have not been included in this tree.)

This concludes the four-part series; **Bergen County's Townships and Municipalities**.

Notes: The original *Family Tree of Bergen County's 70 Municipalities* was prepared in the early 1900's and was subsequently published in the Sunday Record Call and The Record. The family tree appearing in this issue of *The Archivist* has been completely redrawn to correct and add information omitted from that earlier tree.

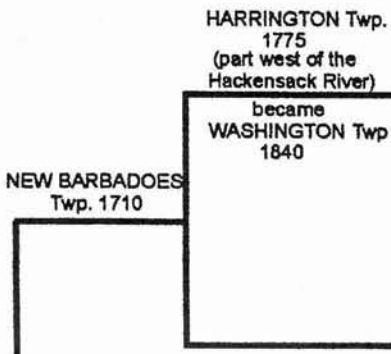

A number of references were used in compiling this series. However, most of the boundary information was extracted from: "*The Story of New Jersey's Civil Boundaries, 1606-1968*" by John P. Snyder.

Visit our web site and learn more about what is going on in the Society. Thanks to Arnie Lang for a great job he is doing on keeping the site current. Please send an e-mail to Arnie if you have any suggestions or comments on the site. Thanks for your support.

President's Message

I would like to take opportunity to thank all of my officers who served last year. You all did a fine job. I would especially like to thank Carol DeWitte. Carol was the Vice President last year and organized the Program Schedule. I feel this has been one of our best years for programs and Carol has several programs lined up for 2000. Carol is also the originator of our Annual Picnic. Hopefully you will all join us this year at the picnic. The Board of Trustees, your officers, volunteer their time to run the Society. Please consider running for office and/or joining a committee. This year, with our move, we have reinstated the "Hospitality Committee" to serve refreshments at our meetings. Please help either monetarily or by bringing in something to our meetings. Call Peggy O'Hagan, the chairperson. Due to the election of Dick Hahn to Mayor of Glen Rock, we are looking for a new person to help with the Computer SIG. Anyone interested, let us know. Now that we have relocated, there are other projects that the Society is interested in pursuing - fundraisers, all day seminars, patron assistance, group projects, etc. If you are interested in assisting in any of these areas or if you have other ideas... please let me know. You can reach me either by mail: PO Box 561, Glen Rock, NJ 07452, telephone (201) 447-1087, fax (201) 447-0140 or e-mail las1087@cybernex.net. Stay in touch and become active in the Society. We look forward to your participation.

President's Message

As a genealogist, I was disappointed in the questions posed on the 2000 Census. What are the future genealogists going to use to find us? Granted those of us who are members of the GSBC will have finished our family histories (Ha.Ha) and left them to a reliable family member in our wills. But what about that poor beginner at age 45 who realized no one knew anything about the family history? Where is he or she going to go? Just in case your family loses all your hard work or there is (God forbid) a fire that destroys your documents, I thought it would be fun to do a census of the members of the GSBC. Won't you help by participating? Forms are in the mail. I will publish the results in a future *Archivist*. Please return your "census" to Lucille Siebold, PO Box 562, Glen Rock, NJ 07452 no later than July 4th, 2000 Independence Day!

E-Mail Updates

To all members with e-mail addresses:

Please keep us informed of any changes in your e-mail addresses. We try to keep you informed of the latest happenings in the Society and updates to our Web page. However, we keep getting some e-mail returned as being undeliverable.

If you have e-mail and you have not been receiving any messages from the Society, it probably means that we have an incorrect or outdated e-mail address, or we never received an address. If that is the case, please send your latest e-mail address to arnielang@worldnet.att.net or if you prefer, send a message from the Societies Web page at: <http://www.rootsweb.com/~njgsbc>; click on the "send Comments" button and fill out the form. Thank you, Arnie Lang

Standards For Use Of Technology In Genealogical Research [As] Recommended by the National Genealogical Society

Mindful that computers are tools, genealogists take full responsibility for their work, and therefore they-

learn the capabilities and limits of their equipment and software, and use them only when they are the most appropriate tools for a purpose. refuse to let computer software automatically embellish their work.

treat compiled information from on-line sources or digital data bases like that from other published sources, useful primarily as a guide to locating original records, but not as evidence for a conclusion or assertion.

accept digital images or enhancements of an original record as a satisfactory substitute for the original only when there is reasonable assurance that the image accurately reproduces the unaltered original.

Cite sources for data obtained on-line or from digital media with the same care that is appropriate for sources on paper and other traditional media, and enter data into a digital database only when its source can remain associated with it.

always cite the sources for information or data posted on-line or sent to others, naming the author of a digital file as its immediate source, while crediting original sources cited within the file.

preserve the integrity of their own data bases by evaluating the reliability of downloaded data before incorporating it into their own files.

provide, whenever they alter data received in digital form, a description of the change that will accompany the altered data whenever it is shared with others.

actively oppose the proliferation of error, rumor and fraud by personally verifying or correcting information, or noting it as unverified, before passing it on to others.

treat people on-line as courteously and civilly as they would treat them face-to-face, not separated by networks and anonymity.

accept that technology has not changed the principles of genealogical research, only some of the procedures.

Letters to the Editor

Dear Editor:

Kudos to Arnie Lang for his well-written, clearly illustrated four-part series, "Bergen County's Townships and Municipalities", summarizing three centuries of complicated information in an easy-to-understand way and providing an excellent reference for researchers.

Respectfully, I offer one necessary change to the list of Bergen County Boroughs and an addition to the "Family Tree of Bergen County's 70 Municipalities", contained in Part 4 (Vol. 27, Issue 1, Feb. 2000). The Borough of East Paterson, founded in 1916 when it seceded from the Township of Saddle River, no longer exists. By public referendum, its residents voted to change the name in November 1972, and establish an identity separate from Passaic County city to its west. The borough legally adopted its new name, Elmwood Park, on January 1, 1973.

Sincerely, Geri Mola

The Diaries of Elizabeth Ann (Lizzie) Campbell by Maria (Ree) Hopper

Elizabeth Ann (Lizzie) Campbell, was the daughter of John A. Campbell and Hannah Demarest. She was b.14 Sep 1849 (from diary "14 Sep 1868 today is my nineteenth birthday), in Park Ridge. She was bap. as Elizabeth Ann, daughter of John and Hannah Campbell, at Pascack Reformed Dutch Church. [Church Records give only one date that of 4 Sep 1849.]

She d. 29 Jan 1931, unmarried at her home on Main Street in Park Ridge, and is buried with her parents in the Pascack Reformed Cemetery. She never married. Her obituary said her death "closed the career of the last surviving person to be engaged in wampum making. Her father and his three brothers, and their firm the Campbell Brothers made wampum in a mill at Park Ridge using a drilling machine invented by her Uncle James. The process was a closely guarded family secret. The only existing wampum drilling machine is on exhibit at the Pascack Historical Society in Park Ridge, NJ. The obituary also stated, "Miss Campbell who was 81 years old, one of the oldest residents of Park Ridge, had long been without the use of her lower limbs, but had a happy disposition."

Traditions & Recipes

During the holidays, I am sure we all dug out Grandma's recipe for some special cookie or dish to prepare. Customs abound during the holiday season whether it be Christmas, Easter, Halloween, New Year's, or harvest time. Each festival occasion brings out those traditions that we probably don't remember their origin. The Society would like to collect as many of these recipes and traditions as possible and publish a book. Won't you help? Please send to : Lucille Siebold, PO Box 561 Glen Rock, NJ 07452. Pictures (copies), stories, recipes, legends and superstitions are all welcome. Please include your name, address, telephone number and background on each item that you send. Also include a return envelop for items you want back. Anyone wishing to help compile and sort out the information, please contact me. I think this would be a fun and interesting project to work on together.

President's Message

In the last *Archivist*, a census form was included. The form was edited from the 1900 census to fit today's society. The members were requested to answer the questions and submit them to our Editor. We have had some responses, but it seems some of the membership were confused. This form is to be filled out with today's information about your household. Those forms which we received were very interesting and the participants eager to participate in our Society census. Won't you reconsider and take the time to complete the form included again in this issue?

The Board would like to have your input regarding fund raisers and the holding of an all-day seminar. Please do not hesitate to submit your thoughts. Although you may not wish to be the chairperson of the event, your idea might be terrific. No one can do everything, but everyone can do something. Now that we are in our new facility, it is time to venture into new projects and spread the word about genealogy. It is our turn to contribute something to the genealogical world.

At this time, I would like to thank Nancy Groo, Peggy Norris, and all of the Patron Assistants who have manned our collection and put it into full swing. It is now time to evaluate our resources and start expanding our collection. Please submit any ideas to Nancy Groo or Carolyn Smith.

In the future, our patron assistants will be working on the queries received by the Society. Queries that are received will be kept in a file at the library with copies to the *Archivist* Editor. When any queries are answered, both the query and the answer will be printed in *The Archivist*. From time to time, the committee will also search the surname list and perhaps put a member in contact with those submitting queries. If you receive a name, please remember when you were just starting your research. This networking can open up a new path to follow. Thank you for your support.

E-Mail Updates

To all members with e-mail addresses:

Please keep us informed of any changes in your e-mail addresses. We try to keep you informed of the latest happenings in the Society and updates to our Web page. However, we keep getting some e-mail returned as being undeliverable.

If you have e-mail and you have not been receiving any messages from the Society, it probably means that we have an incorrect or outdated e-mail address, or we never received an address. If that is the case, please send your latest e-mail address to arnielang@worldnet.att.net or if you prefer, send a message from the Society's Web page at: <http://www.rootsweb.com/~njgsbc>; click on the "send Comments" button and fill out the form. Thank you, Arnie Lang

Editor's Corner

Our e-mail listing is quite extensive and is too numerous to list in each *Archivist*. If you are interested in anyone's e-mail address, please contact either Frank Poole, Membership Chair or Arnie Lang through our website. We will try to publish any changes in e-mail addresses and any new members with e-mail addresses will be listed under New Members. Thank you for your cooperation.

Elizabeth Ann (Lizzie) Campbell's Diary will continue in the next issue of *The Archivist*.

The listing of the Bergen County Marriages continues in this issue and as space permits in future issues.

Anyone with information that he or she would like to contribute to *The Archivist* should be forwarded to the PO Box 432, Midland Park, NJ 07432, Attn Editor.

Genealogy - I'm Doing It!!

After much deliberation
And due consideration
I have the inclination
To look for my relation

So, with much perspiration
And a lot of inspiration
I'll assume the obligation
To trace their immigration.

I'll start with the location -
Look through every publication
Listing things like embarkation
Occupation and Taxation.

Then, I'll hope for revelation
To help me follow their migration
And find proof of immigration
To this blessed and great nation.

Oh, what joy! What jubilation!
Comes with the realization
That I've found the combination
That will link my generation.

Railroad Retirement Board

The Railroad Retirement Board (RRB) was established in the mid-1930's and has records of those employees who were covered under the Railroad Retirement Act from 1937. The Board has no records of persons who died before its inception, nor does it have records for casual laborers. The Board will provide information from its records on deceased persons for genealogical research. Written consent of the person is required on living persons. The records are maintained by Social Security Number. It is sometimes possible to obtain records without that number if full name and complete dates of birth and death are provided, but identification may still be impossible. There may be a fee. Contact: Railroad Retirement Board, Office of Public Affairs, 844 N. Rush St, Chicago, IL 60611-2092. (Reprinted from Ash Tree Echo, Vol XXXII, Issue 2 Sept 1997).

Civil War Income Tax Records

If your ancestor was in the US during the Civil War, another possible source of records can be found in the Civil War income tax records. The Internal Revenue Act of 1862 instituted a tax to pay for the war. This tax was in effect from 1862-1872, and the records are available through the National Archives. This could be particularly valuable if your ancestor owned a business or a reasonable amount of property. Check the *Guide to Genealogical Research in the Nation Archives* (929.3 U58) at a library for film numbers. (Source same as above).

BEWARE NEW GENEALOGICAL SCAM

Halberts of Bath, Ohio, was forced out of business, but apparently they may have moved on to a new location. One wary PSRoots newlist member recently posted information regarding a new firm in Denver going by the name Morphcorp. The cover letter she and others have received comes from Mazwell and Christina <last name varies>. The accompanying, professional glossy flyer received in this instance advertises "The Year 2000 [your surname] Family Yearbook" for \$34.85, a price which includes not only the yearbook, but also a "classic family history" and CD ROM. The genealogical watchdog site (<http://www.ancestordetective.com/watchdog.htm>) now includes this organization on its caveat emptor list. (Reprinted from PSRoots newlist posting Fri.26, May 2000)

The Diaries of Elizabeth Ann (Lizzie) Campbell by Maria (Ree) Hopper Part Two

Continuing Series

Elizabeth Ann (Lizzie) Campbell, was the daughter of John A. Campbell and Hannah Demarest. She was b. 14 Sep 1849 (from diary "14 Sep 1868 today is my nineteenth birthday), in Park Ridge. She was bap. as Elizabeth Ann, daughter of John and Hannah Campbell, at Pascack Reformed Dutch Church. [Church Records give only one date that of 4 Sep 1849.]

She d. 29 Jan 1931, unmarried at her home on Main Street in Park Ridge, and is buried with her parents in the Pascack Reformed Cemetery. She never married. Her obituary said her death "closed the career of the last surviving person to be engaged in wampum making. Her father and his three brothers, and their firm the Campbell Brothers made wampum in a mill at Park Ridge using a drilling machine invented by her Uncle James. The process was a closely guarded family secret. The only existing wampum drilling machine is on exhibit at the Pascack Historical Society in Park Ridge, NJ. The obituary also stated, "Miss Campbell who was 81 years old, one of the oldest residents of Park Ridge, had long been without the use of her lower limbs, but had a happy disposition."

Membership in the Genealogical Society of Bergen County is open to all those interested in genealogy. Annual dues are \$15 (individual membership), \$17 (Family membership), and \$18 (Outside of the US).

The Genealogical Society of Bergen County is a tax-exempt organization as described in sections 501 (c) (3) and 509 (a) (2) of the Internal Revenue Code. Bequests, legacies, devises, transfers or gifts to the Society are deductible for federal income, estate, and gift tax purposes as provided by the I.R.C.

The purpose of the Genealogical Society of Bergen County is to assist those researching their family history, support local historians, and education the public in family and local history. This objective is manifested through programs, library patron assistance and seminars during the year.

The Archivist is published four times a year and mailed to members about the 15th of February, May, August, & November. Members are encouraged to submit queries, articles, hints, suggestions, etc. for publication free of charge. Non members may submit queries for a fee of \$5.00 each. The deadline for submissions is the 10th of the month preceding publication. Send material to:

President's Message

It is with great excitement that I announce the date has been set for our first "all day seminar". On May 5, 2001, Meldon Wolfgang III will present three programs. Don't miss this opportunity. Spread the word and let's make this a successful endeavor. Details will be forthcoming. If any of you would like to participate in the event as a volunteer, please contact a committee member. Nancy & Ben Groo, Margaret Kaiser, Pat Giannotti and Lucille Siebold.

Mr. Wolfgang has been featured as a speaker at several of the National Genealogical Society's Conferences and has spoken at conferences, seminars, meetings, and lecture series arranged by organizations such as the American Society of Genealogists, NE Historic Society, NYG&B, Palatines to America, and Orange County Genealogical Society. The topics chosen for the presentation include: "Overland on Paper Trails: Using Maps in Genealogical Research", "Sleuthing in the Stacks: Using Non-Traditional Resources to Uncover Genealogical Clues", and "Tracing Paupers and Orphans, Sturdy Beggars and the Worthy Poor: A Walk on the Dark Side of Genealogical Research".

BOOK REVIEW: Ree Hopper recently received a copy of the new "The VAN VOORHEES Family in America: The First Six Generations" by Florence A. Christoph. "I have spent some time with the book and can report that it is well done and very well documented. It is far superior to the 1888 and 1984 versions. It is a large hard covered book, 1028 pages long, easy to read and with a terrific bibliography."

"The book is software generated and as such has some peculiarities of the software such as duplicate entries for those descendants on both mother and father's lines. The index is by page number rather than person number so it takes longer to locate an individual, but the good news is that a person's birth and death years are after their name in the index which helps separate the many people of the same name."

"The various spellings used by members of this family VAN VOORHEES, VAN VORRHIS, VOORHEES, VOORHIS, VORHIS etc. are alphabetized under the different surname spellings, however there is also a VOORHEES given name index, arrange in chronological order which helps find the various VORRHEES regardless of the way they spelt their last name."

"As in all genealogies, I found a few errors, but that is to be expected."

The above is the opinion of the author. If you are interested in more information contact <www.vanvoorhees.org>.

Book Purchases

The Society recently purchased the following materials to be added to our collection:

"The Census Book: A Guide to Federal Census Facts, Schedules, & Indexes" by William Dollarhide. With the information in this selection you can take advantage of the research possibilities revealed by census data. Comprehensive review of census schedules. Complete tabulation of all US Federal Censuses including non-population census schedules and where the records are located today.

"Researcher's Guide to American Genealogy" by Val D. Greenwood. The new 3rd edition incorporates the latest thinking on genealogy and computers, specifically the relationship between computer technology and the principles of good genealogy research. It also includes a new chapter on the property rights of women, a revised chapter on evaluation of evidence and updated information on the 1920 census.

"In Search of Your European Roots" by Angus Baxter. Designed to help researchers with European research. All major countries and most smaller countries are covered with special sections on Jewish records.

"They Became American: Finding Naturalization Records and Ethnic Origins" by Loretto Dennis Szucs. The naturalization process has resulted in the creation of significant historical records about individuals and groups. Complex and ever changing naturalization laws have resulted in a great deal of confusion. This book addresses the complexities of naturalization records in a straightforward discussion. Dozens of illustrations and sample documents enhance the reading and simplify the search for these unique sources of Americana.

"A Genealogist's Guide to Discovering Your English Ancestors" by Paul Milner & Linda Jonas. This step by step guide will help you identify what records you'll need and where to find them, it also explains why those records were created and how they can reveal more about your ancestors.

"Meyers Orts-Verhehrs-Lexikon" by Wright. This is THE German resource.

The descriptions above are from the NGS Bookstore & Online Catalog 2000. These books and/or catalog are available from the National Genealogical Society, 4527 17th Street North, Arlington, VA 22207-2399. E-mail: <bookstore@ngsgenealogy.org> Toll free number (800) 473-0060.
